

REPUBLIC OF MOZAMBIQUE
MINISTRY OF INTERIOR
NATIONAL MIGRATION SERVICES
DEPARTMENT OF PUBLIC RELATIONS

PRESS RELEASE

**TEMPORARY SUSPENSION OF THE EFFICACY OF THE
COMMUNICATIONS OF APRIL 24, 2025 – 48 HOURS PRIOR NOTICE**

The National Migration Service (SENAMI) hereby informs the general public, and in particular citizens from the 29 countries exempt from visa requirements for entry into Mozambique, as provided for in Decree No. 10/2023, of 31 March, that the requirement for 48 hours' prior communication to enter the national territory is suspended, with immediate effect, as referenced in the statement issued by the Mavalane Crossing Post on 24 April 2025.

This decision comes as a result of technical constraints found in the registration system, which have prevented normal access and submission of data by citizens covered by the measure.

It is important to note that, although this obligation arises from the aforementioned legal provision, which regulates the regime for facilitating the entry of foreigners into Mozambique, SENAMI believes it is necessary to safeguard the rights of users during the period in which technical improvements are being made to the system.

Thus, while work is underway to fully restore the functionality of the platform, the requirement for prior communication will be temporarily suspended. After this period, and as soon as the technical conditions are met, a new official communication will be made regarding the reestablishment of the measure.

SENAMI appeals for everyone's understanding and reiterates its commitment to efficiency, accessibility and safety in the services provided.
